

SOUL Chest of drawers

Designer: Giuseppe Viganò

Year: 2022

DESCRIPTION

The applied wooden element is not purely a decoration but a deliberate replacement for the absent handle and facilitates the opening of the drawers. In the second version, the Soul chest of drawers comes with a convenient open compartment. A metal frame wraps around the entire structure, emphasising the design on the drawer fronts and highlighting the suspension effect from the floor.

The company reserves the right to make changes to the models without notice. The information given here is based on the latest data published on the price list.
